General Guidelines:

- This is the first phase in creating a sculpture park in Burlington so we are looking for visually accessible works that will delight viewers of all ages.
- Works will be shown for two years with a stipend starting at \$2,500.
- Sculptors will need to deliver works as part of their stipend budget.
- The Town wishes to have a purchase option for each work.
- Works will be outdoors, but not to be lighted at night, although lighting might be added at a later date.
- Works must be safe for visitors to approach them.
- Each work will have a plaque stating name of sculptor and in some cases of stipend donor.
- The works will be arranged in a group within the field shown at left.
- The public will be encouraged to walk among the works.
- Town insurance will cover damage to works up to \$50,000 and liability to the public.
- Chosen applicants will be required to become members of NESA. You will be accepted by NESA without the normal jury process.
- NESA will receive 10% of the stipend for two-year placement and 25% for works purchased.
- Apply for NESA membership here: www.nesculptors.org/newmemberform

Creative Guidelines:

- Works should not exceed 12 feet in height, although special cases may be allowed.
- Works will be placed on the ground rather than on concrete bases and need to have their own base.
- It should be understood that this is a town-sponsored exhibit, so the work should be thought of in terms of a small town center, rather than art museum.
- There is no specific theme so as to welcome a wide variety of subjects and styles.
- Works in all media will be welcome.
- Colorful works will be welcome.
- Interactive (but safe) works will be welcome.
- Kinetic (but safe) works will be welcome.
- Politicized work will **not** be welcome.
